

On the “fire-safe” team firefighters are the leaders, but everyone has a part to play. Kids are important teammates. There are plenty of things you can do to help us keep your family safe from fire. This sheet shows you a few of them.

**Help your parents make a fire escape plan.**

Show two ways out of every room and a safe meeting place outside. As a team, practice your plan two times a year.

**Matches and lighters are for adults only.**

Don't mess with them. Tell an adult if you see matches or lighters lying around.

**When the smoke alarm sounds, that means fire! Fire means danger!**

Follow your safe escape plan and crawl out of the house fast.

**1. When can a kid safely use the oven, stove, or toaster?**

- A. Never in a million years
- B. When an adult is in the kitchen helping
- C. Anytime at all

**2. When should someone “Stop, Drop, and Roll”?**

- A. Immediately after a big meal
- B. When breaking the rules at school
- C. If your clothes are ever on fire

**3. Which of these things is a major fire danger?**

- A. Playing with matches and lighters
- B. Letting fabric or paper get too close to a heater
- C. Both A and B

**4. Who should team up for fire safety?**

- A. Firefighters only
- B. Families and firefighters
- C. Adults only
